

Science Institute

Vacancy for a research scientist (post-doctoral researcher) in the mathematics division

Applications are invited for the post of research scientist in the mathematics division. The appointee is expected to conduct research in mathematics or mathematical physics. The appointment is for two years from 1st August 2011, or otherwise according to agreement, with a possibility of an extension of one year. The following conditions will be taken into account in the selection process:

- The appointee must have completed his/her doctorate in mathematics or mathematical physics at the commencement of the appointment.
- It is desirable that no more than five years have elapsed from the appointee's completion of a doctorate to the commencement of the appointment.
- Among applicants of equal merit preference will be given to those whose fields fit well with the areas emphasized by the mathematics division. (See the website <http://www.raunvis.hi.is/Staerdfur/Staerdfur.html>.)

The State Universities Act no. 85/2008 and the Regulations of the University of Iceland no. 569/2009 govern the appointments process.

Applications should be submitted in electronic form to the e-mail address bmz@hi.is. Applicants should submit with their applications a thorough account of their scientific activities, publications and research, as well as certifications of their education and previous employment. Applications and supporting material that are submitted by other means than electronically should be sent in duplicate to the Division of Science and Research, University of Iceland, Sæmundargötu 6, 101–Reykjavík.

Applicants should specify what projects they have worked on, what they currently work on and what plans they have for future projects should they be appointed. In addition applicants should enclose references for their teaching and administrative experience as appropriate. It is desirable that references for education and scientific experience are received from 2–3 qualified persons in the same field as the applicant.

Salaries are according to the wage agreement between the Union of University Teachers and the Ministry of Finance. The pay bracket of research scientists is determined by chapter 2 of the salaries agreement between the Science Institute and the Union of University Teachers.

The deadline for applications is 15th February 2011.

All applications will be answered and applicants informed of the decision when taken.

For further information contact the Head of Mathematics Division, Professor Jón Ingólfur Magnússon, jim@raunvis.hi.is

The University of Iceland applies its equal opportunities policy to all appointments.
